

Breadcrumbs: What is your suggestion for the path of a new approach procedure for Runway 19R?

When developing a new approach to Runway 19R, what waypoints would you use? Using local features, please provide a "breadcrumb" trail for an approach to Runway 19R. An example would be, "Fly to the intersection of Highway 12 and 221 and then proceed to the runway end." Please note: This section is moderated. Suggestions such as "fly to another airport" will not be approved for posting. Additionally, all procedures must meet FAA design criteria.
